

# Ancient Egypt Real Estate:

## Directions:

Complete a real estate brochure or flyer to demonstrate your knowledge about the impact of geography on life in Egypt. You may want to visit the following websites for more information on the plants and animals who lived along the Nile and information about the building materials available.

## Hints:

You may want to answer these key questions:

- What is the house/building made of?
- What is the weather like?
- Where do you get the food from?
- How close is the Nile River?

As you complete this assignment, remember your audience is people from Mesopotamia so make sure you include information that would be particularly enticing to them! You may choose to complete this brochure and pass in a hard copy or email it to me.
